Attn: Mr. Dean Evans

Re: Gilsonite Lease U-0124568
Weaver Canyon, Utah

Dear Mr. Evans;

On Wednesday, July 23, 1980, I went to the above gilsonite lease with Norman Haslem of Ziegler Chemical & Mineral Corp. to seed the disturbed drill sites on the Weaver-Colorado gilsonite vein.

The seed used was a mixture of 3 grasses: Western Wheat, Russian Wild Rye, and Siberian Wheat at 10 lbs./acre.

The road down to Hells Hole Canyon from the main road had been washed out last year but is passable now.

Respectfully,

Paul E. Randolph
